

ECOER TDi PRO

SMART HEAT PUMP

ABOUT ECOER TDi PRO

Introducing the Ecoer TDi Pro smart heat pump, a revolutionary heat pump that meets the CEE requirements and makes consumers eligible for valuable federal rebates. With an impressive EER2 rating of up to 13, this unit provides exceptional energy efficiency, ensuring that hundreds of thousands of homes stay comfortable throughout the year while reducing energy expenses. Join the sustainable movement with the Ecoer TDi Pro – the future of heating and cooling.

Condensing Units:

- Up to 13 EER2 / 20.5 SEER2
- All combinations are eligible for IRA tax credit
- All combinations meet the requirements of Cold Climate Energy Star (HCR at 5°F/47°F up to 81.7%)*
- Dual fuel available
- Line set of up to 150 ft.
- Refrigerant auto charge
- Wider fin heat exchanger applied
- Filter dryer supplied with unit

*Higher heating capacity on low ambient temperature

Air Handling Units:

- Offer better comfort and energy efficiency with the two-stage auto airflow*
- Low airflow feature for higher energy saving
- Improved dehumidification
- Resettable fuse on PCB
- Automatic airflow
- Anti-cold air function in heating mode
- Anti-frozen function in cooling mode

*Thermostats with signals of Y1 and Y2 are required

New Wi-Fi Programmable Thermostat EST02

- Voice command control
- Up to 4H2C
- 7-day / 8-period programming
- Built-in weather forecast
- OTA upgrade available
- Power-off memory
- Filter change remind

Ecolink Internet-based Gateway ELG02 & ELO02

- Based on current Internet access, no 4G LTE required, no more extra data charges
- One Gateway to receive data of multiple adaptors for higher efficiency
- Lower power consumption with LPWAN technology
- More reliable communication
